If you have a document or reference that you think should be included in the Evidence library, and that fits into one of the categories below, please [tell us](#) about it.

- Reports on the impact of public involvement
- Reports on the nature and extent of public involvement
- Reflects on public involvement in NHS, health, public health or social care research.

Please note that all suggested references will be checked before they are placed in the library to make sure they meet the [criteria](#) for inclusion.
